

50kW Smart Energy Storage Cabinet for Campus Networking in Australia

Overview

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice for growing energy demands.

Key Takeaways

The 50kW Smart Energy Storage Air-Cooled Integrated Cabinet, designed for commercial and industrial applications, features air-cooled thermal management, an intelligent BMS & monitoring system for peak-shaving/photovoltaic integration. The SolaX ESS-AELIO is a high-performance C&I energy storage system featuring AFCI protection and IP55 rating. 50kW, 60kW are available, 100/200. Contact us today! The PX60 is a modular 50kW / 61kWh commercial battery system engineered for sites that need serious capability today, with flexibility to scale tomorrow. Built for Australia's harshest conditions and engineered in-house at our Clean Energy Hub, this unit provides plug-and-play power. OliPower's core product - the 50kW/111kWh air-cooled hybrid energy storage cabinet - has successfully passed the rigorous certification process of the Clean Energy Council (CEC) in Australia. It is now officially listed on the CEC approved product register, providing a certified pathway into the. Pylon Technologies Australia Pty Ltd ("Pylontech Australia") is the Australian subsidiary of Pylon Technologies Co.
