

Bahrain High Voltage and Low Voltage Distribution Box Manufacturer

Overview

Power Distribution Division | Bright Star Electrical Our Power Distribution Division is one of the largest single point entity catering to the entire spectr.

Key Takeaways

Key manufacturers of high and low voltage distribution boxes in Bahrain include Bright Star Electrical & Mechanical W.L.L, UNEECO, Blitz Trading W.L.L, and Bahrain Switchgear & Lighting Industries (BSLI). Bright Star Electrical & Mechanical W.L.L

Bright Star offers a wide range of transformers and distribution solutions up to 33kV, including mineral oil, silicone liquid, and cast resin dry-type transformers. They provide both ground-mounted and pole-mounted types, suitable for commercial, industrial, and high-security facilities. Their products include low voltage power distribution systems like Translite MF Busducts and Lectro Sandwich Busducts, with ratings from 600A to 6400A, designed for high-rise buildings, hospitals, airports, and military installations .

UNEECO

UNEECO specializes in low voltage panels and distribution boards, certified as a Platinum category Panel Builder for Schneider Electric. Their products include type-tested DBs, submain panels, and main panels ranging from 100A to 2500A. They also supply medium voltage equipment such as 11kV panels, ring main units, and package substations. UNEECO emphasizes compliance with IEC 61439-1&2 standards and provides solutions for industrial, oil, and gas sectors .

Blitz Trading W.L.L

Blitz Trading, part of the Al Mayar Group, is a leading low voltage switchgear manufacturer in Bahrain. They supply products including current transformers, core balance transformers, analog and digital meters, relays, timers, modular contactors, panel fans, and cabinet LED lamps. Their switchgear solutions are designed for residential, commercial, and industrial applications, focusing on reliability, cost-effectiveness, and compliance with industry standards .

Bahrain Switchgear & Lighting Industries (BSLI)

BSLI, established in 1986, manufactures LV switchgear, motor control centers, and distribution boards. They provide DEKRA type-tested products and collaborate with international brands like GE, ABB, Schneider, and Doepke. BSLI also produces high-quality light fittings, cables, PVC pipes, and wiring accessories. Their products are ISO 9001:2015 certified, ensuring high quality and compliance with applicable standards .

Summary

For projects requiring high and low voltage distribution boxes in Bahrain, these manufacturers offer a range of certified, reliable, and customizable solutions suitable for industrial, commercial, and residential applications. Bright Star focuses on transformers and busduct systems, UNEECO on LV panels and medium voltage equipment, Blitz Trading on low voltage switchgear, and BSLI on LV switchgear and distribution boards with international collaborations. Each company emphasizes compliance with international standards and quality certifications.
