

Cost of Home Fiber Optic Cable Upgrade

Overview

Fiber optic cable installation costs average \$4,500 for most homeowners, with most installations ranging from \$1,500 to \$7,000. Fiber-optic cable pricing depends on whether you're purchasing materials alone or including complete installation. The wide price range reflects differences in fiber strand. Home and business fiber optics projects typically range from a few hundred to several thousand dollars, depending on run length, fiber type, and labor needs. The main cost drivers are materials, installation time, and environmental factors that affect trenching, conduit, and terminations. Check with a local pro for your specific job. It's ideal for: ☐ Pro Tip: Some ISPs offer free installation if you commit to a 6-12 month plan.
