

Dutch industrial network switch brand

Overview

typically refers to equipment facilitating the use of a. Typically, this includes,,, and other related hardware. This is a list of notable vendors who produce network hardware.

Key Takeaways

Leading Dutch industrial network switch manufacturers include HPS Industrial, Maisvch, HMS Networks, and Phoenix Contact, offering robust Ethernet switches and IIoT networking solutions for demanding industrial environments.HPS Industrial

HPS Industrial specializes in industrial networking solutions designed for reliability in harsh environments. Their product range includes industrial Ethernet switches, PoE solutions, and wireless networks such as Wi-Fi and LTE. HPS supports multiple protocols for seamless integration with automation systems, making their switches suitable for sectors like manufacturing, transport, and energy. They also provide redundancy systems for fast network recovery and offer tailored solutions based on customer specifications .

Maisvch

Maisvch is a leading industrial communication products manufacturer focused on Industry 4.0 and IIoT applications. Their portfolio includes rugged Ethernet switches, gateways, routers, media converters, and serial/fieldbus devices. Maisvch products are tested to international standards such as EN 62368-1, IEC 61000-6-4:2019, and IEC 61000-6-2:2019, ensuring compliance and reliability in industrial networking projects worldwide .

HMS Networks

HMS Networks provides a broad range of industrial networking and connectivity solutions, including N-Tron industrial-grade switches. Their products are designed for high-quality, rugged networking in industrial environments and support communication protocols like CAN, PROFINET, and Industrial Ethernet. HMS also offers gateways, HMIs, and visualization tools for industrial automation and IIoT applications .

Phoenix Contact

Phoenix Contact manufactures industrial Ethernet switches suitable for harsh environments, offering features like redundancy, PoE+, M12 connectors, and managed/unmanaged options. Their switches support PROFINET Conformance Classes A and B, wide temperature ranges, and IP65-IP67 protection, making them ideal for flexible and secure industrial network setups .

Summary

These Dutch manufacturers provide robust, reliable, and standards-compliant industrial network switches for applications in manufacturing, energy, transport, and automation. They offer both hardware and software solutions to ensure seamless integration, high availability, and secure communication in industrial networks. Choosing among them depends on specific requirements such as environmental conditions, protocol support, and network redundancy needs.

Industrial Ethernet Switches | Phoenix Contact

De nieuwe FL SWITCH 5900-serie biedt hoge gegevensprestaties, uitgebreide beveiligingsfuncties en moderne TSN-mechanismen.

Industrial Ethernet switches | WAGO NL

Industrial switches voor uw netwerkoplossing WAGO's "managed" of "unmanaged" switches zijn een kosteneffectieve, stabiele en

19 Industrial Ethernet Switch Manufacturers in 2026 | Metoree

This section provides an overview for industrial ethernet switches as well as their applications and principles. Also, please take a look

Industrial Switch: Understanding Industrial Ethernet Switch ...

An industrial Ethernet switch is a type of network switch designed to operate in harsh industrial environments. Oil rigs, railways,

Industrial Ethernet switches | WAGO NL

WAGO's "managed" of "unmanaged" switches zijn een kosteneffectieve, stabiele en redundante netwerkoplossing met uitgebreide

Industrial Networking Products & Communication Solutions Expert

Maisvch is a leading manufacturer of industrial networking products, including rugged Ethernet switches, gateways, routers, media

Industrial Ethernet Switches | Industrial Network Switch | Perle

Rugged Industrial Ethernet Switches with PoE, 5-10 ports, 10/100/1000Base-T and fiber support. Built to withstand -40°C to 75°C,

Industrial Ethernet Switches | Phoenix Contact

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification,

Industrial Ethernet Switches | Phoenix Contact

Het productenprogramma van onze Industrial Ethernet Switches omvat Managed en Unmanaged Switches met Gigabit, PoE,

12 Best Industrial Ethernet Switches for IoT (August 2026) Buying Guide

Discover the best industrial Ethernet switches for IoT with our 2026 guide. We tested 12 models for performance,

Industrial Ethernet Switches

Modernize your operations with Cisco Industrial Ethernet switches: Increase productivity, boost security, and empower industrial AI.

Industrial Ethernet Switch & Managed PoE Switch | AOA Tech

Industrial PoE Switch AOA Tech Industrial PoE Switches series enables real-time deterministic network operation, Plug & Play for

Industrial Ethernet Switches | Managed, L2/L3, PoE, 10G, TSN, Fiber ...

Build resilient industrial networks with managed, unmanaged, PoE, fiber, DIN-rail, Layer 2/3 and 10G Ethernet switches designed for

Industrial Ethernet Infrastructure

To facilitate network deployment in limited spaces such as in-wall enclosures whether in the building or outdoors, PLANET has the

Managed Ethernet switches

B.E.S.D. Benelux is a leading supplier of managed Ethernet switches specifically designed for industrial automation applications.
