

French-made explosion-proof distribution box models

Overview

They are completely pre-assembled explosion protection enclosures made of resistant plastic including ATEX and IECEx approval.

Key Takeaways

Ex-tech Solution manufactures French-made ATEX/IECEx certified explosion-proof distribution boxes, enclosures, and control cabinets suitable for hazardous areas. Overview of Ex-tech Solution Products

Ex-tech Solution, based in France, specializes in explosion-proof (flameproof) enclosures, control cabinets, and junction boxes designed for hazardous environments worldwide. Their products are ATEX and IECEx certified, ensuring compliance with international safety standards for explosive atmospheres. The company controls the entire design and manufacturing process, including material selection, assembly, testing, and certification, guaranteeing high-quality and durable solutions.

Key Product Lines

- DE8BA Range: Rugged enclosures tailored for offshore and industrial hazardous environments, suitable for energy distribution, control systems, and instrumentation.
- Ex d Cabinets: Flameproof enclosures designed for gas groups IIB+H2 and IIC, providing protection for electrical and control-system solutions.

- **Junction Boxes and Control Cabinets:** Available in various sizes and configurations, these boxes support complex wiring, monitoring, and control applications in hazardous areas .

Features and Specifications

- **Materials:** High-quality metals and composites suitable for harsh environments.
- **Protection Ratings:** IP66 or higher, ensuring dust-tight and water-tight performance.
- **Customization:** Options for surface finishes, sight glasses, paint systems, and special machining to meet specific industrial requirements .
- **Applications:** Oil and gas, chemical processing, pharmaceuticals, offshore platforms, and other hazardous industrial sites .

Additional Services

Ex-tech Solution also provides enclosure population services, helping clients with wiring, assembly, and installation of components inside the explosion-proof enclosures . This ensures that distribution boxes are ready for immediate deployment in hazardous areas.

Summary

For French-made explosion-proof distribution boxes, Ex-tech Solution offers a comprehensive range of ATEX/IECEx certified enclosures, control cabinets, and junction boxes. Their products are designed for industrial, offshore, and hazardous area applications, with customizable options to meet specific operational requirements, ensuring both safety and reliability .
