

Greek optical cable manufacturer

Overview

This section provides an overview for fiber optic cables as well as their applications and principles.

Key Takeaways

Dimoulas Special Cables and ELECNET S.A. are among the leading Greek manufacturers and providers of fiber optic cables and related solutions. Key Manufacturers

Dimoulas Special Cables S.A. Based in Aspropyrgos, Attica, Dimoulas Special Cables has been active since 1973 and is a prominent supplier of high-quality cables in Greece and abroad . The company produces a wide range of cables, including fiber optic cables, data, control, automation, and fire-resistant cables. They serve diverse sectors such as hospitals, airports, sports centers, photovoltaic parks, wind turbines, and office buildings. Dimoulas maintains a large stock in proprietary warehouses, ensuring prompt delivery for both standard and specialized applications . ELECNET S.A. ELECNET specializes in the design, construction, and maintenance of fiber optic networks and structured wiring systems . The company provides comprehensive telecommunication infrastructure solutions, including network elements distribution and total facility management, making it a key player in Greece's fiber optic sector. Other Notable Companies

- OSP Contractors: Offers engineering services and turnkey solutions for fiber optic network projects .

- SeaCables: Focuses on marine and submarine cables, including fiber optic solutions for offshore applications .
- INALAN: Provides high-speed fiber optic internet services, supporting both residential and business connectivity .
- Hellenic Cables: One of Europe's largest cable producers, manufacturing telecommunication and submarine cables, including fiber optic types .
- ZNB Systems and evik: Supply fiber optic cables and related electrical materials in Greece and the Balkan region .

Summary

Greece hosts a range of fiber optic cable manufacturers and service providers, from long-established companies like Dimoulas Special Cables and Hellenic Cables to specialized network infrastructure firms like ELECNET S.A. and OSP Contractors. These companies offer both manufacturing and installation services, catering to telecommunications, industrial, and renewable energy sectors, ensuring high-quality solutions for domestic and international projects.
