

How much does a 4-core fiber optic cable distribution box cost

Overview

4 Core FTTH Fiber Distribution Box, 4 Port Fiber Distribution Box. Available at a lower price from other sellers that may not offer free Prime shipping.

Key Takeaways

A 4-core fiber optic distribution box typically costs between \$15 and \$50, depending on brand, material, and features. Price Range and Factors

The cost of a 4-core fiber optic distribution box varies based on several factors:

- **Material and Build Quality:** Boxes made from durable ABS plastic for indoor use are generally less expensive, while outdoor or waterproof enclosures with reinforced construction cost more .
- **Brand and Manufacturer:** Products from established brands like Bud Industries or Mercommbe may be priced higher due to quality assurance and warranty .
- **Included Accessories:** Some boxes come with LC or SC adapters, pigtails, heat-shrink sleeves, and mounting hardware, which can increase the price .
- **Indoor vs Outdoor Use:** Indoor wall-mounted boxes are usually cheaper (\$15-\$30), while outdoor or weatherproof models can range from \$35-\$50 or more .

Typical Features

- Supports 4-core fiber splicing and termination.

- Compatible with SC, LC, or FC connectors.
- Wall-mounted or surface-mounted design for easy installation.
- Cable management features to maintain proper bend radius and protect fibers.
- Some models include dual-layer structures for better organization and maintenance

Where to Buy

- Online retailers like Amazon offer a variety of fiber distribution boxes with prices starting around \$15 .
- Specialized suppliers such as TopFiberBox, Mefiberoptic, and Bud Industries provide professional-grade enclosures with warranties and shipping options . In summary, for a standard 4-core fiber optic distribution box, you can expect to pay \$15-\$50, with the final price depending on the enclosure type, brand, and included accessories.
