

Huijue converged network switch with 10 Gigabit optical port

Overview

Huawei CloudEngine S6730-H series 10GE switches are next-generation enterprise-class core and aggregation switches that provide 10GE downlink optical ports and 100GE uplink optical ports. DS-3E3730 switch is a new generation converged 10 Gigabit switch launched by our company for the next generation IP Metropolitan area network, large park network and enterprise network. Based on the new generation of high-performance hardware and software platform with independent intellectual. GigaCore 10i is a 10 Gigabit Ethernet switch in a 1/2 19" package, dedicated to AV integration and installations where there are specific requirements to available space and mounting. It is designed to support the most advanced AV protocols out of the box and is the backbone for a converged network. Full 10 GE optical/electrical access, designed for the Wi-Fi 6 era. With eight flexible RJ-45 ports supporting multi-gig speeds (1G, 2.5G, 5G, and 10G) and two dedicated 10G SFP+ fiber uplinks. In this guide, we've tested and reviewed the best 10Gb switches to help you make an informed decision. Check out the thorough review of the best 10Gb.
