

List of Omani electrical distribution box manufacturers

Overview

Electrical Box Manufacturers & Suppliers in Oman | TrademoFind and discover Electrical Box manufacturers and suppliers for all products in Oman, featuring.

Key Takeaways

Key manufacturers of electrical distribution boxes in Oman include Perfect Automation & Innovation, National Electrical Industries (NEI), Premier Switchgears LLC, and Al Wejha Group. Leading Manufacturers

1. Perfect Automation & Innovation Located in Muscat, this company specializes in control panels, power contactors, and power distribution boxes. They offer custom-designed solutions for efficiency and reliability, ensuring products are inspected for optimum quality and compliance with industry standards . 2. National Electrical Industries Co. L.L.C. (NEI) Established in 1997, NEI manufactures a wide range of electrical switchgear products, including MCCBs, MCBs, ELCBs/RCCBs, distribution boards, and G.I. switch boxes. Their products feature removable neutral links, shrouded busbar systems, and clear labeling, with enclosures conforming to various IP ratings. NEI emphasizes compliance with international standards and provides solutions for industrial power distribution, instrumentation, and control equipment . 3. Premier Switchgears Co. L.L.C. Premier produces over 15 types of electrical panels for diverse industries, including low voltage switchgear, automatic mains failure panels, power factor correction panels, and control panels. Their manufacturing adheres to IEC 61439-1 & 2 standards and DRCP certification. Premier also offers custom-built solutions for small to large projects, ensuring safe and reliable power distribution . 4. Al Wejha Group Al Wejha Group provides advanced power distribution systems for commercial and industrial clients across Oman. Their focus is on reliable and safe electrical infrastructure, supporting optimal performance and long-term operational efficiency .

Additional Notable Providers

- Max. Nama Distribution Company: Offers electricity distribution services across most governorates in Oman.
- Nafal LLC: Specializes in EPC projects for substations and transmission lines up to 33kV, including maintenance and testing of electrical equipment.
- Electro Mechanics L.L.C. (EM): Provides comprehensive electrical services and contracting solutions for government and private sectors.
- Abu Yasser Al Mawly Enterprises LLC (AYM): Focuses on high voltage transmission and electrical distribution, including design, installation, and maintenance of substations .

Summary

Oman hosts a robust network of electrical distribution box manufacturers capable of supplying low and medium voltage switchgear, distribution boards, and custom panels. Companies like NEI and Premier Switchgears are particularly noted for their adherence to international standards and ability to deliver customized solutions for industrial, commercial, and residential projects. For procurement or project planning, these manufacturers provide a reliable starting point for sourcing high-quality electrical distribution equipment.
