

Mauritania Long-Span Lightweight Cable Tray Quotation

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

Long-span lightweight cable trays in Mauritania can be sourced from international and local suppliers, with customizable lengths and load capacities suitable for industrial installations.

Long-span cable trays are designed for extended runs of electrical cables, reducing the need for frequent supports. They typically feature:

- Customizable lengths: 3m, 6m, 8m, and 12m options, compared to standard 2m trays, allowing fewer joints and faster installation .
- Lightweight yet strong construction: Reinforced side plates increase load capacity while keeping the tray manageable for installation .
- Material options: Hot-dip galvanized steel or stainless steel for indoor and outdoor durability .

- Design flexibility: Ladder, perforated, or solid-bottom designs to optimize airflow and prevent overheating .

Supplier Options in Mauritania

- Local and regional suppliers: Platforms like go4WorldBusiness list verified Mauritania cable tray suppliers who can provide bulk orders and quotations .
- International suppliers: Companies such as Eurostrut and Eurotray offer online quotation requests and ship globally. They provide detailed specifications, including width, height, and load capacity .
- Specialized long-span systems: Longjoy Cable Tray offers long-span ladder systems suitable for industrial applications, with customizable lengths and reinforced structures .

Requesting a Quotation

To obtain a quotation:

- Direct online request: Many suppliers, including Eurostrut, allow you to submit specifications and request a quote via their webshop .
- Provide key details: Include required tray length, width, material, load capacity, and quantity. Mention if the installation is indoor or outdoor.
- Shipping and delivery: Confirm delivery timelines to Mauritania, as international shipping may affect cost and lead time.

Recommendations

- Compare local suppliers for faster delivery and lower shipping costs.
- Use international suppliers for specialized long-span or lightweight designs not available locally.
- Ensure the supplier provides technical datasheets and installation guidance to meet safety and load requirements. By combining local sourcing with international options, you can secure a cost-effective, durable, and long-span lightweight cable tray system suitable for Mauritania's industrial or infrastructure projects .
