- Applications: Industrial, solar systems, pumps, lighting, and outdoor installations
- Customization: Available for bulk orders or tailored builds
- HA Waterproof Distribution Box
- Material: ABS plastic with impact, heat, chemical, and low-temperature resistance
- IP Rating: IP65
- Features: DIN rail inside, earth bar, neutral bar for cable connections, knock-out outlet holes, wall-mountable
- Applications: Electrical, communication, fire-fighting apparatus, petrochemical, railway, building, mine, hotel, and wastewater treatment systems
- Circuit Breaker Compatibility: Supports various series including ADW3-1600, ADM6RT/T, AM9, ADZ7S-100ZFD, DZ58-125, AM3, and DZ47-100

Local Suppliers in Nepal

- Electra Electric, Biratnagar: Offers a range of distribution boxes from trusted brands for neat and safe power distribution .
- Daraz Nepal: Provides a variety of outdoor waterproof boxes for online purchase with delivery across Nepal .

Key Considerations

- IP Rating: Ensure IP65 or higher for outdoor installations to protect against water and dust.
- Material: ABS plastic is common for durability, UV resistance, and lightweight installation.
- Installation: Look for DIN rail compatibility and wall-mount options for easy setup.
- Application: Choose the model based on the number of circuit breakers, space availability, and environmental exposure. These models provide reliable protection for electrical circuits in both residential and industrial settings, with options for compact or larger enclosures depending on your project requirements.
