

Network Fiber Optic Cabinet

Overview

Manufacturers design fiber optic cabinets to protect fiber optic cables in indoor and outdoor environments. Also known as fiber optic enclosures or fiber entrance cabinets, these enclosures act as hubs where cables can be spliced, organized and routed through areas inside or outside. The floor cabinets combine modern aesthetics with a range of functional details that provide an optimal experience for IT infrastructure. All cabinets with a width of 80 cm. Explore the versatile Fiber Entrance Cabinet. Multilink's Fiber Distribution Hubs are setting the standard for cross-connect configurations, configurable splitting, plug-and-play technologies and many other fiber architects. The FieldSmart ® Fiber Active Cabinet. OMC Group, a leader in fiber optic solutions, offers high-performance fiber optic cabinets that are engineered to support the growing demands of modern network systems.
