

Optical Power Meter Manufacturers

Overview

26 Optical Power Meter Manufacturers in 2026 This section provides an overview for optical power meters as well as their applications and principles. Also.

Key Takeaways

Some leading manufacturers of optical power meters include L-com, Novanta Photonics, Agiltron, Shineway Tech, Hopu Optical, and Senter Electronic.

Optical power meters are produced by a variety of companies worldwide, ranging from specialized photonics firms to broader electronics manufacturers. Top-ranked manufacturers as of 2026 include L-com, Novanta Photonics, and Agiltron . Other notable companies offering optical power meters are Shineway Tech, Hopu Optical, and Senter Electronic . Additional manufacturers and suppliers can be found through directories such as GoPhotonics, which lists over 40 companies, and RP Photonics, which catalogs 68 suppliers including distributors and manufacturers . Some companies, like CNI, specialize in thermopile and photoelectric laser power meters, while Kentek distributes Gentec EO meters in North America . These manufacturers provide devices capable of measuring optical power across a wide range of wavelengths and power levels, suitable for applications in fiber-optic communications, laser research, and industrial photonics. Many offer calibration services and sensors optimized for specific wavelengths to ensure accurate measurements . For professional purchases, platforms like DirectIndustry allow users to compare products from multiple brands, including technical specifications and product images, helping to select the most suitable optical power meter for specific applications .

26 Optical Power Meter Manufacturers in 2026

This section provides an overview for optical power meters as well as their applications and principles. Also, please take a look at the

Optical Power Meter Manufacturers in United States

The leading Optical Power Meter Manufacturers are listed in this directory. You can narrow down the list of manufacturers based on

Optical Power Meter Manufacturers

An Optical Power Meter is a device used to measure the power of an optical signal, typically in units of dBm or watts. The leading

Optical Power Meters

Optical power meters and detectors have been served by Newport for over 30 years. The offering ranges from a low cost, hand-held

Optical Power Meters

Benchtop optical power meters provide accurate measurements of optical power and energy by reading the output of calibrated

Energy Meters and Optical Power Meters Suppliers

Find 144 Energy Meters and Optical Power Meters suppliers with GlobalSpec. Our catalog includes 106,486 manufacturers, 20,794

LIST OF MANUFACTURERS AND SUPPLIERS

Optical Power Meters and Laser Measurement Products, All of the Manufacturers, Compare over 200 Laser Measurement Products

Optical Power Expert | EXFO

Designed for extended use in the field, the Optical Power Expert delivers best-in-class optical performances day in, day out. EXFO's

Optical Power Meters

Find Optical Power Meters related suppliers, manufacturers, products and specifications on GlobalSpec - a trusted source of Optical

Optical Power Meters & Monitors

Find the Best Prices on the Best Optical Power Meter Products, Over 200 Optical Power Meters, Power Sensors, Energy Sensors,

Optical Power Meters Types Prices & Technical Specifications

An optical power meter (OPM) is a device used to measure the power in an optical signal. The term usually refers to a device for

Optical Power Meters

Keysight optical power meters measure optical signal strength, providing multi-channel measurement processing and system control

Fiber Optic Instruments | santec

Santec is a leading manufacturer of optical test equipment and OCT systems. Experienced optical technology experts are waiting for

Optical Power Meters

VIAVI offers fast, cost-effective, and easy-to-use power meters for installation and maintenance of single mode and multimode fiber
