

Price of 3M fiber optic heat shrink tubing

Overview

Heat shrink tubing 2mm diameter, 2 meters length. For wire insulation, strain relief, and cable bundling in electronics and DIY repairs.

Key Takeaways

3M fiber optic heat shrink tubing typically ranges from \$5 to \$50 per piece or kit, depending on size, shrink ratio, and quantity.

- Individual Tubing Pieces: Small-diameter fiber optic heat shrink tubing (e.g., 1/8" to 1/4" diameter) generally costs \$5–\$15 per piece on online marketplaces like Amazon and eBay .
- Kits and Assorted Sets: Kits containing multiple sizes and shrink ratios can range from \$20 to \$50, offering a variety of tubing for different fiber optic applications .
- Bulk Orders: For industrial or large-scale use, prices per foot or per roll may be lower, but official 3M catalogs or distributors should be consulted for exact bulk pricing .

Where to Purchase

- 3M Official Catalog: The 3M Electrical Catalog App provides product specifications, datasheets, and distributor contacts, which can help obtain official pricing .
- Online Retailers: Amazon and eBay offer a wide selection of 3M heat shrink tubing with varying sizes, shrink ratios, and kits, often with free shipping options .

- **Authorized Distributors:** Industrial suppliers like Digi-Key, Mouser, or Grainger carry 3M fiber optic heat shrink tubing and can provide quotes for bulk or custom orders.
- Tips for Buyers
- **Check Shrink Ratio:** Ensure the tubing matches your fiber optic cable diameter and shrink ratio requirements.
 - **Compare Kits vs. Individual Pieces:** Kits may offer better value if multiple sizes are needed.
 - **Verify Authenticity:** Purchase from reputable sellers or authorized distributors to ensure genuine 3M products. For precise pricing, especially for bulk or specialized fiber optic tubing, contacting 3M distributors directly or using the 3M Electrical Catalog App is recommended .
