

Price of power fiber optic cable puller

Overview

Fiber Optic Cable Pullers GMP battery powered fiber optic cable puller is designed for the under- ground placement of fiber optic cable. It uses a recharge.

Key Takeaways

The price of a power fiber optic cable puller ranges from around \$9,000 to over \$50,000 depending on type, power source, and included accessories. Purchase Prices

- Entry-level gas or electric pullers typically start around \$9,000-\$10,500 for units like the TUF-Lugger Lite or Condux Package 1 without capstan .
- Mid-range hydraulic or battery-powered pullers range from \$10,500 to \$20,000, offering features like variable-speed foot control, hydraulic motors, and higher pulling capacity .

- High-end trailer-mounted or advanced packages with large capstans, electronic tension control, and full hydraulic systems can cost \$20,000-\$52,000, such as the GMP SideWinder or Condux Fiber Optic Puller Package 3 .

Financing Options

- Financing is available through platforms like KWIPPED, with monthly payments ranging from \$28 to \$1,119 depending on the term (24-60 months) and the puller's price .

Rental Rates

- Daily rental rates typically range from \$150-\$375, weekly rates from \$500-\$1,500, and monthly rates from \$1,750-\$4,500, which can be a cost-effective option for short-term projects .

Accessories and Add-ons

- Capstans, mounting frames, remote stands, and hydraulic power packs are sold separately, with prices from \$1,000 to \$9,500 depending on size and functionality .
- Optional electronic tension control systems and load cell packages can add several thousand dollars to the base price .

Summary

The total cost of a fiber optic cable puller depends on the power source (gas, electric, hydraulic), capstan size, included accessories, and optional electronic features. For professional installations, most buyers spend \$10,000-\$30,000 for a fully functional unit, while premium trailer-mounted systems can exceed \$50,000 . For exact pricing, it is recommended to request a quote from suppliers like Condux, KWIPPED, or Linemen-Tools, as prices vary by model, configuration, and location.
