

Professional distribution box with circuit breaker

Overview

Browse power distribution boxes with circuit breaker protection and multiple outlet configurations. Shop durable solutions for construction and emergency use.

Key Takeaways

These boxes are designed to handle high current capacities — from 16 A to 63 A — and distribute them across multiple outlets with individual circuit breakers and RCD protection. ●Series:SHT ●Material:ABS ●IP Rating:IP65 ●NEMA Rating:4X ●Color:Light Grey ●Application:OutdoorA commercial distribution box serves as the central hub for electrical power distribution in business environments, providing safe and organized management of electrical circuits throughout commercial facilities. This essential electrical infrastructure component houses circuit breakers, switches. Power distribution boxes are robust and reliable solutions for safely distributing electrical power on construction sites, in workshops and temporary installations. In each model, the three-phase power is broken into three 120 volt circuits within the box.
