

Singapore Manufacturing Plant for Cable Management Systems

Overview

Industrial Cable Management Service in SingaporeOptimize your operations with Actenn's industrial cable management service in Singapore. Tailored solutions.

Key Takeaways

Lan-Ric Industries and Tai Sin Electric operate manufacturing facilities in Singapore for cable management and electrical cabling solutions.Lan-Ric Industries (Singapore)

Lan-Ric Industries, founded in 1994, is a prominent manufacturer of integrated cable management systems in the APAC region. Their Singapore facility, LanRic (S) Pte Ltd, is part of a network of six manufacturing plants across Malaysia and Singapore, capable of meeting local market demands and supplying to sectors including mechanical, electrical, oil, and gas industries . Lan-Ric emphasizes quality, compliance, and innovation, with products approved for use across Southeast Asia, the Middle East, and South Asia. They also maintain local distributors to ensure timely delivery and service.

Tai Sin Electric

Tai Sin Electric has over 40 years of experience in cable manufacturing and operates a cable manufacturing plant in Singapore, alongside facilities in Malaysia and Vietnam . Tai Sin produces a wide range of high-quality cables for industrial, commercial, residential, offshore, and marine projects. Their products power major infrastructure projects in Singapore, including Changi Airport, MRT systems, and Gardens by the Bay, and they supply cables to more than 70% of data centers in the country. Tai Sin also offers customized cable solutions to meet specific project requirements.

Other Cable Management Providers

Several other companies in Singapore provide specialized cable management solutions, including Actenn and Leipole Electric, which focus on industrial cable organization, modular systems, and custom components like cable glands, clamps, and routing systems . Wanco Electric offers a one-stop solution for electrical fittings and cable management products, emphasizing quality assurance and timely delivery .

Summary

Singapore hosts several manufacturing plants and service providers for cable management systems, with Lan-Ric Industries and Tai Sin Electric being the most prominent. These facilities support a wide range of industries, provide customized solutions, and maintain high standards of quality and compliance. Companies like Actenn, Leipole, and Wanco complement these offerings with specialized services and modular solutions for industrial and commercial applications.
