

State Grid Global Energy Internet

Overview

At the 2025 Global Energy Internet Conference held today, Zhang Zhigang, chairman of the State Grid Corporation, said in his keynote speech that China State Grid Corporation is guided by the new “four revolutions, one cooperation” energy security strategy, earnestly. At the 2025 Global Energy Internet Conference held today, Zhang Zhigang, chairman of the State Grid Corporation, said in his keynote speech that China State Grid Corporation is guided by the new “four revolutions, one cooperation” energy security strategy, earnestly. China Energy Storage Network : How to solve the many global problems facing human society, such as resource shortages, environmental pollution, climate change, and the increasingly severe fossil energy dilemma?

Liu Zhenya, Chairman of the State Grid Corporation of China, delivered a keynote speech. State Grid Corp, one of the world's biggest utility companies, is pushing to build a global energy network, which is expected to attract investment of \$50 trillion by 2050 through a new unit, sources said on Tuesday. That plan to wrap the planet in a web of intercontinental, made-in-Beijing. A seminar focused on digitalizing global power grids was held in Beijing on Thursday, drawing over 300 experts from around the world. Co-hosted by the Global Energy Interconnection Development and Cooperation Organization (GEIDCO) and China Energy News, the event convened representatives from more.
