

Tanzanian Micro-Modular Data Center Enterprise

Overview

Set to launch in 2026, Raxio Tanzania will be the country's first carrier-neutral Tier III data centre. It will also play a key role in enabling international IP transit for Tanzania's landlocked neighbours across East Africa. This report is part of a series of market briefs developed by Xalam Analytics at the behest of Digital Investment Facility (DIF) under the Data Governance in Africa Initiative, on the data center market opportunity in sub-Saharan Africa ("SSA"). The expansion supports improved connectivity, reduced latency, and enhanced digital operations for businesses. I agree to receive Raxio Group's newsletters with updates and. Northstar Enterprise + Defense offer solutions with speed, performance and security in mind (Credit: Northstar Enterprise + Defense) Northstar Enterprise + Defence delivers turnkey solutions for AI/ML, enterprise, telecoms, defence and government applications, with a specialised focus on modular. How does 6W market outlook report help businesses in making decisions?

Do you also provide customisation in the market study?

Pan-African data center operator Wingu. Details weren't shared, but Wingu.

Article Content

Wingu Africa Data Center Dar Es Salaam (3 MW)

Launched in mid-2022, this Tier 3 facility is not only the first integrated carrier-neutral data center and cable landing station in Tanzania but also connects to a strategic network of data centers across
