

What are some cable tray manufacturers in Italy

Overview

We usually deal with Hot Dip Galvanized Steel after fabrication and Stainless Steel, on request also Sendzimir and Aluminium.

Key Takeaways

Italy hosts several leading cable tray manufacturers, including Spina Group (Schiavetti Tekno), SITIE, Sati Italia, Zamet SPA, and DKC Europe, offering high-quality, customizable cable management solutions. Notable Manufacturers

Spina Group (Schiavetti Tekno) – A prominent Italian manufacturer since 1964, Schiavetti Tekno specializes in stainless steel, galvanised, and wire cable trays. Their product range includes closed, perforated, ladder, and wire-mesh trays, designed for industrial, energy, and infrastructure applications. They provide custom sizes and compatibility with Unistrut systems, ensuring compliance with European (EN) and international (UL) standards, along with technical support and after-sales service .

SITIE – Established in Ferrara in 1945, SITIE initially focused on industrial installations and later expanded into instrumentation and plant automation. They have contributed significantly to Italy's oil and petrochemical sectors, offering reliable cable management solutions for industrial environments .

Sati Italia S.p.A – Founded in the 1960s and now part of DKC Europe, Sati Italia provides efficient logistics and a wide range of cable tray systems. Their network spans multiple locations, ensuring rapid delivery and customer service for industrial and commercial projects .

Zamet SPA – Known for versatile and functional cable conveyance systems, Zamet offers fully customizable solutions including ladder trays, wire mesh trays, and solid-bottom trays. Their products emphasize load capacity, corrosion resistance, and adaptability to specific project requirements .

DKC Europe – Since 1998, DKC Europe has specialized in cable drag system design, production, and marketing. They provide innovative and reliable cable protection and energy distribution solutions, serving both national and international markets .

Additional Resources

Other Italian suppliers and manufacturers can be found through B2B platforms such as Europages and Trademo, which list over 20 companies offering cable trays, including shipment and trade details for sourcing purposes .

Choosing a Manufacturer

When selecting a cable tray manufacturer in Italy, consider:

- Material quality: Stainless steel, galvanised steel, or aluminium for durability and corrosion resistance.
- Customization options: Ability to tailor trays to project specifications.
- Certifications: ISO and CE compliance for safety and international standards.
- Industry expertise: Proven track record in industrial, commercial, or infrastructure projects.
- Customer support: Technical assistance and after-sales service for installation and maintenance . These manufacturers collectively represent Italy's strong reputation in cable management, combining innovation, quality, and compliance with international standards.
